

APC TECHNOLOGY E-TIMES

MAY 2008

## *Your one stop intrinsically safe solution provider*

Since 1984 **APC Technology** has provided specialist computer systems for applications in some of the most severe environments on earth. **APC Technology** designs and manufactures state of the art computer/control technology packages for industrial and military clients who have critical applications where failure is not an option.

**APC Technology's** Intrinsically Safe devices have been specifically developed for use in hazardous areas where an explosive mixture of air and gas or vapour is or may be present. **Need a custom designed IS solution? Talk to us today!**

---

### Industrial Mouse

The **IM2-IS** is a short stick Industrial OPTO mouse for use in hazardous environments. The unit is intrinsically safe, protected via safety barriers, and is suitable for use in Zone 0 hazardous areas. Includes repeater and barrier.

*Certified IECEx - Ex ia I/IIc T4 IP65*

---

### Intrinsically Safe Keyboard

The **KBIM2-IS** is a full QWERTY PC keyboard with integral mouse for use in hazardous environments.

The unit is intrinsically safe, protected via safety barriers, and is suitable for use in Zone 0 hazardous areas. Includes repeater and barrier.

*Certified IECEx 60079.11*

---

### Explosion Proof Computer

The **PCEX1** provides full PC functionality in hazardous areas. It comprises an explosion proof (Ex d) enclosure and either a PC and/or a display (sizes up to 12.1") which may be connected to the optional intrinsically safe QWERTY keyboard and pointer.

*Enclosure Certified to IECEx Exd IIB T6 IP66*

---

### Fully Sealed Panel PC

*Scheduled for release 2008*

The **ET4255HL** is a fully sealed (IP65) 15" panel PC. Its fully sealed construction enables it to be used where high levels of dust or water prevent the usage of non sealed units.

**Ideal for use in Oil & Gas industries.**

---

***"We continually liaise with the customer at all stages to ensure that performance requirements are met and that any solution provided by APC remains relevant"***

**APC TECHNOLOGY SOLUTIONS**

**Real World Solutions**

---

**Do you have the perfect product for your application?**

**Will your product survive its intended environment?**

For over 20 years **APC Technology** have provided rugged solutions designed to survive the harshest environments on earth.

We are now able to offer this as a separate service to our clients with the ability to take COTS solutions and ruggedise them to ensure they survive any application in any environment in any location.
